RETURNING TO WORK

PACKINGHOUSE EMPLOYEES WHO WERE ON STRIKE GET OLD POSITIONS BACK.

Chicago, July 22.—All the big meat packing establishments of the country, where nearly 50,000 workmen went out on strike ten days ago to enforce certain demands of the union, were thrown open to the strikers at 7 o'clock this morning and as many of the former employes as can be taken care of will return to work. A majority of the butchers were reinstated this morning, but it will be several days before all of the strikers will be given employment, as there is not enough livestock at some of the yards to require a full force of workmen. As soon as the shipments begin to arrive in the usual quantity, however, the idle men will be put to work and it is believed that by Saturday night nearly all of the strikers will have been taken care of.

In Chicago the nonunion men engaged by the packers during the progress of the strike, and who caused the hitch in the negotiations for peace, because the packers insisted in retaining all who wished to remain at work, in preference to reinstating all of the old men, seem likely to settle the question themselves. When the news reached these men Thursday that the old men were to return to work Friday more than 500 of them quit work. It is not known how many more of the nonunion men are still at work.

Two hundred negroes, nonunion, who were leaving the Hammond Packing company plant were attacked in front of the establishment by a mob. Bricks and stones were hurled at the negroes but none of them was seriously injured. A riot call was sent in and fully fifty policemen dispersed the rioters.

The men at Omaha, South St. Paul and Kansas City will nearly all be taken back today.

TELEGRAPHIC BREVITIES.

A national hospital for the cure of cancer is to be established at Philadelphia.

The body of a man supposed to be C. E. Peters was taken from the Mississippi river at St. Paul Thursday.

Thirty thousand cotton mill operatives will probably strike against a reduction in wages at Fall River, Mass.

Fire in the candy department of the Twitchell Champlins plant at Portland, Me., caused damage of \$150,000.

Former Senator George G. Vest is in a critical condition at Sweet Springs, Mo., and there is but little hope of his recovery.

Mrs. George, widow of the late Henry George, the political economist, is dead at her home in Monticello, N. Y., at the age of sixty years.

The Commercial Telegraphers' International union, in session at St. Paul, will probably adopt a resolution favoring government ownership of the commercial telegraphs.

The national commission has written a letter to President Francis of the world's fair urging the extension of the publicity feature of the exposition, claiming the magnitude of the fair is not appreciated by the public.

SOLDIERS OF JAPAN MARCH ON MUKDEN

BREAK THROUGH THE RUSSIAN LEFT FLANK AND CONTINUE NORTHWARD.

FIERCE FIGHTING REPORTED

BATTLE RAGES FOR TWO DAYS BETWEEN FORCES OF RUSSIA AND JAPAN.

HEAVY LOSSES SUSTAINED

JAPANESE ARTILLERY AGAIN SHOWS ITS SUPERIORITY OVER THE RUSSIAN.

Liaoyang, July 22.—News was received from Tatchekiao Tuesday that the Japanese had broken through the Russian left flank between General Count Keller's position and that of General Rennenkampf and that they were marching on Mukden.

The rumors to this effect are persistent, but there is no official confirmation of them.

FIERCE FIGHT RAGES

RUSSIANS AND JAPS IN DEADLY COMBAT ON THE ROAD TO MUKDEN.

London, July 22.—A Russian correspondent of the Daily Telegraph at Mukden, under date of July 19, says: "A fierce fight has been raging during the past two days, and it still continues."

"The Japanese, who are in superior strength, attacked with great daring and coolness. The Russians are contesting the ground splendidly."

"The Japanese flanking movements to the east are the real cause of our retirement."

"Heavy losses have been sustained. The Japanese artillery has again shown its superiority."

The scene of the fighting is not mentioned by the correspondent.

According to a special dispatch from Moscow, the Russky Listok of that city confirms the Associated Press report from Liaoyang that the Japanese have broken through the Russian left flank and are marching on Mukden.

SQUADRON GOING SOUTH.

Vladivostok Vessels Expected to Appear Off Yokohama.

Tokio, July 22.—A fisherman reports that the Vladivostok squadron was off Miyako Thursday, going in a southerly direction at a speed of ten knots. If this course and speed is maintained the squadron will be off Yokohama late Friday. The eastern coast of Japan is shrouded in fog. Shipping has been suspended, awaiting the finding of the Russian fleet.

SOUTH DAKOTA IS LAUNCHED.

Miss Grace Herreid Christens Youngest American Cruiser.

San Francisco, July 22.—The armored cruiser South Dakota was successfully launched from her cradle at the Union Iron works at 6:40 o'clock last night. The ceremony attending the launching was simple. Bishop W. N. Nichols of the Episcopal diocese of California offered a short prayer and then Miss Grace Herreid, daughter of the governor of South Dakota, pressed a button that released the hull of the youngest American cruiser. As the vessel began to move Miss Herreid swung a bottle of champagne against the boat and bestowed the designated name on the cruiser.

Governor Herreid of South Dakota and party and a number of naval officers and distinguished citizens witnessed the launching.

RIOTING AT ST. JOSEPH.

Nonunion Men Assaulted by Packinghouse Strikers.

St. Joseph, Mo., July 22.—A riot call was turned in from the stockyards last night and every available policeman is on duty endeavoring to control members of the butchers' union who went out on a strike several days ago. The packers are not discharging the nonunion men and this case does not suit the strikers. Last night the managers of all the packing plants in South St. Joseph advised the union men that 60 per cent of the strikers would be put to work today. The packers are endeavoring to hold all nonunion men and many nonunion men who appeared in the streets were assaulted, and apparently there was a concerted effort to drive them from the plants.

BIG PACKERS' STRIKE RENEWED

Only 1,500 Out of 3,000 Men Are Given Work This Morning at Chicago Yards

ALL MEN THEN REFUSE WORK And March to Union Headquarters in a Body and the Strike is Ordered Renewed.

SPECIAL TO THE DAILY DISPATCH.

Chicago, Ill., July 22, 11:05 a. m.—The packing house strike was today ordered renewed in Chicago and all other cities. The violation of their agreement by the packing house proprietors was the reason given. Three thousand cattle butchers reported at the stock yards for work and but one-half were given places, whereupon all refused to work and reported in a body at union headquarters. A general order for the renewal of the strike was then issued.

IN OPINION OF JUDGE PARKER.

Former President Cleveland's Article a Strong Appeal.

Esopus, N. Y., July 22.—Thursday was the quietest day at Rosemount since Judge Parker's nomination. The only guest was Henry Loomis Nelson of Williams college.

Former President Cleveland's published article, discussing the present Democratic policy and Judge Parker's

leadership, is regarded by Judge Parker as likely to be of great value in the campaign and as one of the strongest appeals yet made to Democratic voters.

It is said that W. R. Hearst has been invited to Rosemount.

CRISIS IN THE EXISTING RELATIONS BETWEEN RUSSIA AND ENGLAND.

MALACCA LEAVES PORT SAID

AND THE BRITISH PRESS WITH ONE VOICE URGES THE NATION ON TO WAR.

London, July 22.—With the news of the departure of the Malacca from Port Said in possession of a Russian prize crew, it is felt here that the situation, which was serious enough in itself, has become immeasurably graver.

Throughout England editorial articles in much the same strain as that in the Standard have been published in leading provincial papers. Many journals assured their readers that the British government had taken measures to prevent this insult to the British flag, and that the ships of his majesty's Mediterranean fleet would see that the Malacca did not leave Port Said.

"Great Britain is slow to anger and sluggish to move, but she has been intolerably and gratuitously provoked. Her protests have been disregarded and there is nothing but action left."

This is an extract from an evening paper of great circulation, which appeals to the masses. Much the same idea is expressed in other quarters though in less downright language.

APPLAUDED BY THE PRESS.

Privateering Exploits of Russian Ships Approved.

London, July 22.—The Odessa correspondent of the Standard, in a dispatch dated July 21, says it is announced that three Russian volunteer fleet steamers now at Sevastopol have stopped coaling and arming, pending further instructions from St. Petersburg, and that the "privateering exploits of the Smolensk and St. Petersburg are applauded by the press."

Hon. R. C. DUNN favors extending the primary election law to the state ticket which seems to be the general sentiment throughout the state.

POSTOFFICE robbers are getting quite a move on themselves in this section. Motley was touched up a few days ago and yesterday the Royalton office was robbed of \$900 in stamps and money, the safe being blown to pieces with powder.

Hon. L. W. COLLINS says: "I hear Mr. Dunn no ill will. I am a republican and Mr. Dunn will receive my support as I should have expected his had I been the nominee." Wouldn't this be a pretty good pointer to one or two over zealous newspapers?

The republican legislative ticket to come before the voters of Crow Wing and Morrison counties at the coming election will contain the names of H. A. Rider, of Little Falls, and L. W. Bouck, of Royalton, both gentlemen coming from Morrison county and are the present members of the lower branch of the state legislature from this district, the senator to fill the unexpired term of the late A. F. Ferris being accorded to Crow Wing county, John T. Frater being the candidate for the position. The gentlemen who seek a renomination and reelection to the house were among the

strongest members of the last legislature and their votes on all important measures coming before that body were thoroughly in accord with the best interests of their constituents. There is no question but that the gentlemen are entitled to a second term and it would be difficult to select two better men to represent the people of this district, as they are thoroughly conversant with the needs and requirements and have the advantage of experience which is one of the things that count in a legislative body. It is not anticipated that there will be any opposition to their renomination and their election will follow as a matter of fact.

He was the recipient of many handsome and valuable presents. The Germania Maennerchor gave a concert program which evoked much applause. Refreshments were served and all acknowledged that Mr. Kaatz had proved himself a royal entertainer and that the evening spent had been one of rare enjoyment.

IMPROVEMENTS AT GILBERT

M. K. Schwartz Makes the First Move to Improve Brainerd as a Summer Resort.

M. K. Schwartz, the druggist, has built a pretty summer cottage on the north shore of Lake Gilbert. The cottage, which has been christened "Oak Dale," is located in a fine grove of oaks close to the water's edge. It contains five rooms and an ample hall with a handsome yellow brick fire place in the rear of same. A broad veranda affords a fine view of the lake. A flight of steps leads to the dock which affords ample facilities for boats to land. A small stable has been built close to the country road at the rear of the house.

The scenery at "Oak Dale" and its vicinity is beautiful and the great wonder is that no one else in Brainerd ever thought of building here and using the location as a summer home. The cottage will soon be occupied by the Schwartz family, who intend to have as their first guests the ladies of the Eastern Star.

Phillip O'Neill, gardner, of Fifth street south says: "There was a dull steady ache across my loins especially when I became a little fatigued. When I stooped to lift or set out young plants I felt it acutely. The action of my kidneys were very frequent the secretions being highly colored, unnatural and annoying. This was a new condition for such symptoms had bothered me for years. My attention was attracted to Doan's Kidney Pills and thinking they might help me I procured them. From the time I commenced their use I suffered no further disturbance or annoyance from my kidney complaint, the kidneys gradually assumed a regular action and the backache ceased to bother me. HON. R. C. DUNN favors extending the primary election law to the state ticket which seems to be the general sentiment throughout the state.

POSTOFFICE robbers are getting quite a move on themselves in this section. Motley was touched up a few days ago and yesterday the Royalton office was robbed of \$600 in stamps and money, the safe being blown to pieces with powder.

HON. L. W. COLLINS says: "I bear Mr. Dunn no ill will. I am a republican and Mr. Dunn will receive my support as I should have expected him to have been the nominee." Wouldn't this be a pretty good pointer to one or two over zealous newspapers?

THE republican legislative ticket to come before the voters of Crow Wing and Morrison counties at the coming election will contain the names of H. A. Rider, of Little Falls, and I. W. Bouck, of Royalton, both gentlemen coming from Morrison county and are the present members of the lower branch of the state legislature from this district, the senator to fill the unexpired term of the late A. F. Ferris being accorded to Crow Wing county, John T. Prater being the candidate for the position. The gentlemen who seek a re-nomination and re-election to the house were among the

strongest members of the last legislature and their votes on all important measures coming before that body were thoroughly in accord with the best interests of their constituents. There is no question but that the gentlemen are entitled to a second term and it would be difficult to select two better men to represent the people of this district, as they are thoroughly conversant with the needs and requirements and have the advantage of experience which is one of the things that count in a legislative body. It is not anticipated that there will be any opposition to their re-nomination and their election will follow as a matter of fact.

The Only Line With a World's Fair Station.

- 5th—You avoid the crowds at the union depot and on the street cars.

The girls' class of No. 10 of the Presbyterian church were given a great treat by their Sunday school teacher, Edward L. Jenkins, who took them all to Op-sahl's studio, where a group picture was taken, Mrs. Jenkins presenting each child with a copy.

Mike Ryan was an offender who was in police court this morning before Judge Warner. He had been picked up charged with drunkenness, and as this is the second or third time he has been in on this charge the court fined him \$10, in default of which he will languish in the city jail for ten days.

Another message has been received from St. Vincent's hospital, Crookston, stating that John Toohey is some worse and Martin Toohey, his father, and Mrs. James O'Connor, his sister, left for there last night. For a time it was thought that the young man was coming out all right but another change was taken and he is much worse.

The package shower given in honor of Miss Maude Davis, the bride-to-be, last evening at the home of Miss Winnifred Smith was largely attended by the members of the Bachelor Maids club and other intimate friends of the young lady. At the banquet table where the guests assembled the seat of the bride-to-be was marked with a huge bouquet of carnations.

An item which escaped the attention of THE DISPATCH is the big surprise party given Rudolph Kaatz, Kindred street, it being the occasion of his 51st birthday. A large party of friends and neighbors assembled at the home of Mr. Kaatz and gave him the surprise of his life when he stepped into the doorway. He was the recipient of many handsome and valuable presents. The Germania Maennerchor gave a concert program which evoked much applause. Refreshments were served and all acknowledged that Mr. Kaatz had proved himself a royal entertainer and that the evening spent had been one of rare enjoyment.

IMPROVEMENTS AT GILBERT

M. K. Schwartz Makes the First Move to Improve Brainerd as a Summer Resort.

M. K. Schwartz, the druggist, has built a pretty summer cottage on the north shore of Lake Gilbert. The cottage, which has been christened "Oak Dale," is located in a fine grove of oaks close to the water's edge. It contains five rooms and an ample hall with a handsome yellow brick fire place in the rear of same. A broad veranda affords a fine view of the lake. A flight of steps leads to the dock which affords ample facilities for boats to land. A small stable has been built close to the country road at the rear of the house.

The scenery at "Oak Dale" and its vicinity is beautiful and the great wonder is that no one else in Brainerd ever thought of building here and using the location as a summer home. The cottage will soon be occupied by the Schwartz family, who intend to have as their first guests the ladies of the Eastern Star.

E. W. CRANE

IS INSANE

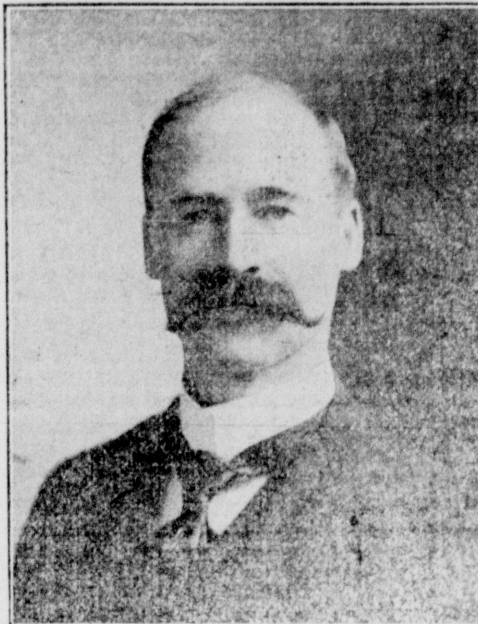

Brought Home from Minneapolis Yesterday and Taken Before Insanity Board

GENERAL REGRET IS EXPRESSED

As Mr. Crane was very well Liked and had Many Friends in the County

County Attorney E. W. Crane has been examined before Judge Sanborn, probate court, as to his sanity, has been declared insane and was taken to the Fergus Falls asylum last night for treatment. Although Mr. Crane had been acting rather peculiarly for some time past and it was thought by many of his friends that his mind was not just right, still the news of this action of the insanity board came as a shock and even death would not have been a greater surprise.

Although Mr. Crane had been showing symptoms of a disarranged mind for some time, it was not until he packed up and went to Lake City with the militia company that anything out of the ordinary was noticed. He joined the company some little time before this and spent the ten days with the boys in camp and they could not help but notice some very peculiar things in

COUNTY ATTORNEY E. W. CRANE.

connection with his visit there. He did not return to Brainerd immediately, but went to Minneapolis and visited for some time, having placed Attorney A. E. Bowe in charge of the county work here. When he came back to Brainerd he did not stay long, but went to Grand Forks. From there he intended to go to LaCrosse, Wis., but only got as far as Minneapolis where his relatives noticed a change for the worse and took some action at once. Judge Alderman went down to Minneapolis and he could see that there was something radically wrong. Another wire was received day before yesterday and advice was given to bring him to Brainerd, which was done yesterday afternoon.

Shortly after his arrival he was taken to the court house where the insanity board had assembled. Drs. Camp and Thabes with Judge Sanborn composed the board. There was no question at all but that Mr. Crane's mind was affected and he was ordered committed to the asylum. He seems to have various hallucinations, although his case is not what is termed violent. It is hard to say just at present whether under treatment he will improve, but there is little hope extended to the unfortunate man's relatives.

Mr. Crane was elected county attorney two years ago last fall. Previous to that he had practiced law in this city for some time, coming here from Minneapolis where he lived for years.

THE BIG MATCH TONIGHT

Chas. Moth and Oscar Moxie to Meet Tonight in a Wrestling Match at the Brainerd Opera House.

The big event when Chas. Moth, the world's champion Greco-Roman wrestler, will meet Oscar Moxie, the champion of Sweden, will be tonight at the Brainerd opera house and a packed house is anticipated. Both men are in the pink of condition and there is no doubt but that the event will excel anything of the kind ever attempted in Brainerd. Chas. Moth is one of the best in the business and has a long list

RIOTS AT BONESTEEL

OFFICERS WITH DRAWN REVOL-
VERS KEEPING THE CROWDS
ON THE MOVE.

Bonesteel, S. D., July 22.—Excite-
ment ran high in Bonesteel last even-
ing on account of the rescue of an ar-
rested gambler who was taken from the
hands of the police by a dozen of
his friends and rushed down the main
street of the town and secreted. The
officer struck one of the rescuing party
in the face with his revolver, cutting
him severely.

Later in the evening a gambler was
arrested and placed in the lockup. It
is believed an organized body will at-
tempt his release. About 9 o'clock
a crowd attacked an officer, took his
club from him and beat him severely
about the head. He is said to be not
seriously hurt. A few moments later
an officer made an arrest in a saloon
and got his prisoner to the street,
where a crowd made a rush for him,
but the officer drew his revolver and
held the crowd at bay.

Shots were fired in different parts
of the town, creating intense excite-
ment. Twelve extra policemen were
sworn in about 6 o'clock and these
with the regular uniformed force pa-
trolled the streets at night with drawn
revolvers, keeping the crowd moving
and prevented congestion at any point.

The gambling games which have
flourished in the streets have all been
driven indoors.

At 2 a. m. everything was quiet, and
there is little likelihood of any fur-
ther trouble.

BRYAN PLANS REFORM

DECLARES FOR STATE OWNER-
SHIP OF RAILROADS AND
OTHER CHANGES.

MONEY QUESTION DROPPED

THE NEBRASKAN SAYS THAT MAT-
TER IS FOR THE PRESENT
IN ABEYANCE.

Lincoln, Neb., July 22.—W. J.
Bryan's plan for the reformation of
the Democracy was given publicity
Thursday. In it Mr. Bryan favors
radical changes, but advocates the
election of Judge Parker for president
as a good beginning. He declares for
state ownership of railroads, govern-
ment control of telegraphs, abolish-
ment of the private monopoly, favors
an income tax and election of federal
judges by the people. Mr. Bryan says
in part:

"My selection as standard-bearer of
the Democratic party in 1896 and again
in 1900 made me the nominal leader of
that party, and as such I did not feel
at liberty to engraft new doctrines
upon the party creed. I contented
myself with the defense of those prin-
ciples and policies which were em-
bodied in the platform.

"Now that the leadership devolves
upon another and I bear only the re-
sponsibility that each citizen must
bear; namely, the responsibility for
my own opinions, my utterances and
my conduct, I am free to undertake a
work which until now I have avoided;
namely, the work of organizing the
radical and progressive element in
the Democratic party.

"The money question is for the
present in abeyance. The production
has lessened the strain upon the dol-
lar and while bimetalism is as sound
in theory as it ever was, the necessity
for it is not so apparent.

Time Ripe for the Question.

"But while the people cannot be
brought at this time to consider the
various phases of the money ques-
tion, they can be brought to consider
certain other questions with which
the Democratic party must deal. I have
heretofore refused to take a position
upon the question of government
ownership of railroads, first, because
I had not until recently studied the
subject and, second, because the ques-
tion had not been reached. Recent
events have convinced me that the
time is now ripe for the presentation
of this question.

"Consolidation after consolidation
has taken place until a few men now
control the railroad traffic of the coun-
try and defy both the legislative and
executive power of the nation. I in-
vite the Democrats, therefore, to con-
sider a plan for the government owner-
ship and operation of the railroads.

"The plan usually suggested is for
the purchase of these roads by the
federal government. This plan, it
seems to me, is more objectionable
than a plan which involves the owner-
ship and operation of these roads by
the several states. To put the rail-
roads in the hands of the federal gov-
ernment would mean an enormous
centralization of power. It would
give to the federal government a
largely increased influence over the
citizen and the citizens' affairs, and
such centralization is not at all neces-
sary.

Could Operate Them Effectively.

"The several states can own and
operate the railroads within their
borders just as effectively as it can be
done by the federal government and
if it is done by the states, the objec-
tion based upon the fear of centraliza-
tion is entirely answered. A board
composed of representatives from the
various states could deal with inter-
state traffic just as freight and passen-
ger boards now deal with the joint
traffic of the various lines. If the
federal government had the railroads
to build there would be a constant
warring between different sections to
secure a fair share of the new build-
ing and development, but where this
is left to the state, the people in each
state can decide what railroads they
desire to build or to buy."

Mr. Bryan says the Democratic
party in the cities should espouse the
cause of municipal ownership of mun-
icipal franchises, and he says the post
office department should embrace
telegraph system as well as a mail
system, adding:

"The private monopoly must be de-
stroyed. The Democratic platform
adopted at Kansas City declared the
private monopoly to be indefensible
and intolerable."

Mr. Bryan advocates an income tax
and says the contest above outlined
must be made whether the party wins
in November or not. He concludes
as follows:

"If Mr. Parker is elected, his ad-
ministration will rid us of imperialism
and of the threat of a race issue and
give us greater freedom in the taking
up of economic questions."

MRS. MAYBRICK IN FRANCE.

Noted American Woman at the Home
of Her Mother.

Rouen, France, July 22.—Mrs. Flo-
rence Maybrick arrived from London
Thursday. The greatest precautions
had been taken to keep her move-
ments secret. She did not travel by
way of New Haven, as do most passen-
gers, but crossed from Southampton,
arriving at Havre, where she took an
express train for Rouen. Mrs. May-
brick was awaited at the station by
her mother, the Baroness de Roques,
with whom she drove in a closed car-
riage to the home of the baroness.
Visitors to the house were refused ad-
mission.

Will Represent the Butchers.

Kansas City, Mo., July 22.—George
Byers, the first president of the Meat
Cutters' union, has been offered the
place on the strike arbitration com-
mittee to represent the butcher strik-
ers. Mr. Byers will accept.

LLOYD'S INSURANCE PRESAGES
WAR BETWEEN RUSSIA AND

London, July 22.—Twenty guineas
per cent was voted at Lloyd's Thurs-
day for insurance against the outbreak
of an Anglo-Russian war within three
weeks. This is the rate which pre-
valued at Lloyd's on the Russo-Japa-
nese war three weeks prior to the out-
break of hostilities.

STATEMENT BY BALFOUR.

Premier Knows Nothing of Reported
Release of the Malacca.

London, July 22.—After midnight,
just before the adjournment of the
house of commons, Premier Balfour
said that the government had received
no confirmation of the reported release
of the Malacca.

INCIDENT STILL UNSETTLED

Inspired British Paper Speaks Out
in Favor of War.

London, July 22.—Assurances that
the Malacca will be released, cabled
by the Associated Press from St. Pe-
tersburg to the United States, do not
appear in the British morning papers.
Special dispatches to a somewhat
similar effect from St. Petersburg do
not allay the alarmist views of the
leading organs, which construe Pre-
mier Balfour's post midnight an-
nouncement, that the government had
received no confirmation of the re-
ported release of the Malacca, to mean
that the incident remains unset-
tled.

Another cause for great apprehen-
sion is the broader question of Rus-
sia's right to send vessels of her vol-
unteer fleet through the Dardanelles.
A striking evidence that the danger
of the situation has not been miti-
gated in the least so far as British official
and public opinion is concerned is
afforded by the Daily Telegraph,
which under a large type caption,
"An Acute Crisis," declares that "the
relations between Great Britain and
Russia have reached the stage of an
acute crisis, but behind the incident of
the Malacca is the far larger question
of the status of the volunteer fleet."

"It has, we believe, been made
clear to the czar's government that
the transformation of merchant vessels,
passing the Dardanelles as such, into
armed cruisers, cannot be recognized
under any pretext whatever as justifying
Russia's interference with British
shipping. It is not impossible that as a
concession to Russian dignity the
government may offer to permit the
Malacca to put into some neutral port,
where her cargo may be examined
and the statement verified that what-
ever munitions she carried were in-
tended for the use of the British China
squadron."

Inspired Paper Outspoken.

In its editorial article this morning
the Daily Telegraph becomes even
more alarmist, declaring that on Rus-
sia's response to Lord Lansdowne's
demands "the issues of peace or war
are staked." Continuing, the Daily
Telegraph says that only in the event
that Russia is prepared to accept the
British conditions on the larger issue
would the government as a "sop to
Russian dignity" permit the Malacca
to be taken to a neutral port.

"The main question to be settled
between the British and Russian gov-
ernments if we are to maintain even
technical relations of friendship," says
the Daily Telegraph's editorial, "is the
status of the Russian so-called volun-
teer fleet. The point which has been
made clear to the czar's government
by Lord Lansdowne is that Great
Britain will not permit a lightning
change from a merchant vessel to an
armed cruiser. In other words, if
these uncharted liberties of the Rus-
sian navy attempt to stop or
touch a British vessel they will be
called upon to desist and if they re-
fuse to obey the demand they will be
fired upon and sunk."

"We further understand that the Ot-
toman government will take steps to
prevent the passage of these Janus-
faced vessels through the Dardanelles
and, in the event of their evasion, will
notify our government of their de-
parture. These problems are alto-
gether independent of the war in the
far East. We are acting and shall
continue to act not as the allies of
Japan, but as the greatest naval power,
protecting the highway against the
illicit inroads of pirates."

Language Is Significant.

The significance of such language
by a paper so much in the confidence
of the government and which has been
strongly in favor of an Anglo-Russian
entente can scarcely be overestimated.
The Standard also sees little abate-
ment in the gravity of the crisis as a
result of the statements from St. Pe-
tersburg that the Malacca will be re-
leased.

"Our dignity and self-respect," says
the paper editorially, "demand that
she be released before she reaches the
Baltic. The admiral in command of
the Mediterranean squadron has re-
ceived his instructions. His cruisers
are being rapidly directed to the prop-
er points and we presume that if the
Malacca is not voluntarily surrendered
she will be intercepted before she can
pass the Straits of Gibraltar."

The Daily Mail says there is reason
to believe that the British garrisons
in the Mediterranean will be strength-
ened by drafts from the United King-
dom, while several vessels will be sent
to the vicinity of the Dardanelles and
others to Port Said.

Admiral Edward Field, retired,
speaking at a public banquet last
evening, said he believed that the Rus-
sian government was trying to drag
in both France and Great Britain.
"Do not let Russia play her game,"
said the admiral, "but leave the mat-
ter to the diplomatists. The Malacca
incident is safer in the hands of Mr.
Balfour and Lord Lansdowne than in
those of the naval men."

THE POSITION OF RUSSIA.

May Order Release of Malacca But
Maintains Right of Search.

St. Petersburg, July 22.—The scare

over the Malacca incident has given
way to a calmer and more rational
view. The feeling in high official cir-
cles, where an exact knowledge of the
attitude of the government exists, is
that the case will be speedily and sat-
isfactorily adjusted. The main diffi-
culty is the excited state of public
feeling in the two countries, but the
Russian government, under the direct
inspiration of the czar, who is per-
sonally anxious to avoid grounds for
a quarrel, is apparently ready to meet
Great Britain in the most friendly
spirit.

To the czar primarily, but also in
large degree to foreign Minister Lam-
dor, is due the credit for retaining the
Chauvenistic spirit of a certain
element which talks lightly of the
possibility of war with Great Britain.
The Russian position can be given
in a few words. While not admitting
that the Russian captain seized the
Malacca without some warrant, Rus-
sia will accept without question Great
Britain's assurance that the war mun-
itions on board the vessel were gov-
ernment stores bound for the naval
station at Hongkong, and order the
immediate release of the ship. At the
same time she will maintain her right
to stop vessels believed to have con-
tributed to war on board and detain
them if the manifests are not plain as
required by international law.

Whether Russia will agree to dis-
cuss the war status of the Red sea
cruisers is not plain, but if Great
Britain insists seriously she may offer
to refer to this and other collateral
questions to The Hague tribunal.

The czar's brother-in-law, Grand
Duke Alexander Mikhailovitch, who is
a strong reactionary and who is said
to have planned the cruise of the
volunteer fleet, seems to be chiefly re-
sponsible for the present entangle-
ment.

The Prinz Heinrich incident seems
certain of satisfactory adjustment.
There appears to be no desire on the
part of Germany to crowd Russia.

FOLK FOR GOVERNOR.

Democrats of Missouri Nominate a
State Ticket.

Jefferson City, Mo., July 22.—The
Democratic state convention nominat-
ed the following state ticket:

Governor, Joseph W. Folk, St. Louis;
Lieutenant governor, Thomas L.
Rubeys, La Platte; secretary of state,
Samuel B. Cook, Mexico; auditor, Al-
bert O. Allen; treasurer, Judge James
Covvill, Kansas City; attorney gen-
eral, Elliott A. Major; railroad and
warehouse commissioner, H. Rubeys,
Oglesby.

The convention convened last Tues-
day and adjourned sine die late Thurs-
day, after long harmonious sessions.
While there was little uncertainty as
to the probable nominee for governor,
there was much talk about an attempt
that would likely be made to defeat
Samuel B. Cook for the nomination
of secretary of state on the ground
that he could not be upheld by the
platform that was to be adopted.
Plans were laid to accomplish his de-
feat, but when the test of strength
came, Cook was nominated on the first
ballot.

The Missouri idea of fighting against
bribery and the corruption of officers
throughout the state was the slogan
of the convention and the platform
adopted stands for the stamping out
of hoodlums and the prosecution of
corruptionists and hoodlums to the bitter
end.

TAGGART IN NEW YORK.

Indiana Man Would Like to Be Dem-
ocratic Chairman.

New York, July 22.—Thomas Tag-
gart, Democratic national commit-
tee man from Indiana, Thursday had
a consultation with John W. Kern. He
still refuses to discuss the subject of
national chairman, but nothing has
yet occurred to alter his determination
to stand for the place if the commit-
tee is of the same mind next Tuesday
that it was when it assembled in St.
Louis the day after the convention ad-
journed. Mr. Kern is just as deter-
mined as ever to assist upon Taggart's
being selected.

August Belmont says he would not
accept the chairmanship, and he is
thought to favor Taggart. Gorman
and Sheehan are the other possibili-
ties.

RIOTS AT BONESTEEL

OFFICERS WITH DRAWN REVOLVERS KEEPING THE CROWDS ON THE MOVE.

Bonesteel, S. D., July 22.—Excitement ran high in Bonesteel last evening on account of the rescue of an arrested gambler who was taken from the hands of the police by a dozen of his friends and rushed down the main street of the town and secreted. The officer struck one of the rescuing party in the face with his revolver, cutting him severely.

Later in the evening a gambler was arrested and placed in the lockup. It is believed an organized body will attempt his release. About 9 o'clock a crowd attacked an officer, took his club from him and beat him severely about the head. He is said to be not seriously hurt. A few moments later an officer made an arrest in a saloon, where a crowd made a rush for him, but the officer drew his revolver and held the crowd at bay.

Shots were fired in different parts of the town, creating intense excitement. Twelve extra policemen were sworn in about 6 o'clock and these with the regular uniformed force patrolled the streets at night with drawn revolvers, keeping the crowd moving and prevented congestion at any point.

The gambling games which have flourished in the streets have all been driven indoors.

At 2 a. m. everything was quiet, and there is little likelihood of any further trouble.

BRYAN PLANS REFORM

DECLARES FOR STATE OWNERSHIP OF RAILROADS AND OTHER CHANGES.

MONEY QUESTION DROPPED

THE NEBRASKAN SAYS THAT MATTER IS FOR THE PRESENT IN ABEYANCE.

Lincoln, Neb., July 22.—W. J. Bryan's plan for the reformation of the Democracy was given publicity Thursday. In it Mr. Bryan favors radical changes, but advocates the election of Judge Parker for president as a good beginning. He declares for state ownership of railroads, government control of telegraphs, abolishment of the private monopoly, favors an income tax and election of federal judges by the people. Mr. Bryan says in part:

"My selection as standard-bearer of the Democratic party in 1896 and again in 1900 made me the nominal leader of that party, and as such I did not feel at liberty to engraft new doctrines upon the party creed. I contented myself with the defense of those principles and policies which were embodied in the platform.

"Now that the leadership devolves upon another and I bear only the responsibility that each citizen must bear; namely, the responsibility for my own opinions, my utterances and my conduct, I am free to undertake a work which until now I have avoided; namely, the work of organizing the radical and progressive element in the Democratic party.

"The money question is for the present in abeyance. The production has lessened the strain upon the dollar and while bimetalism is as sound in theory as it ever was, the necessity for it is not so apparent.

Time Ripe for the Question.

"But while the people cannot be brought at this time to consider the various phases of the money question, they can be brought to consider certain other questions with which the Democratic party must deal. I have heretofore refused to take a position upon the question of government ownership of railroads, first, because I had not until recently studied the subject and, second, because the question had not been reached. Recent events have convinced me that the time is now ripe for the presentation of this question.

"Consolidation after consolidation has taken place until a few men now control the railroad traffic of the country and defy both the legislative and executive power of the nation. I invite the Democrats, therefore, to consider a plan for the government ownership and operation of the railroads.

"The plan usually suggested is for the purchase of these roads by the federal government. This plan, it seems to me, is more objectionable than a plan which involves the ownership and operation of these roads by the several states. To put the railroads in the hands of the federal government would mean an enormous centralization of power. It would give to the federal government a largely increased influence over the citizen and the citizens' affairs, and such centralization is not at all necessary.

Could Operate Them Effectively.

"The several states can own and operate the railroads within their borders just as effectively as it can be done by the federal government and if it is done by the states, the objection based upon the fear of centralization is entirely answered. A board composed of representatives from the various states could deal with interstate traffic just as freight and passenger boards now deal with the joint traffic of the various lines. If the federal government had the railroads to build there would be a constant warring between different sections to secure a fair share of the new building and development, but where this is left to the state, the people in each state can decide what railroads they desire to build or to buy."

Mr. Bryan says the Democratic party in the cities should espouse the cause of municipal ownership of municipal franchises, and he says the post office department should embrace telegraph system as well as a mail system, adding:

"The private monopoly must be destroyed. The Democratic platform adopted at Kansas City declared the private monopoly to be indefensible and intolerable."

Mr. Bryan advocates an income tax and says the contest above outlined must be made whether the party wins in November or not. He concludes as follows:

"If Mr. Parker is elected, his administration will rid us of imperialism and of the threat of a race issue and give us greater freedom in the taking up of economic questions."

MRS. MAYBRICK IN FRANCE.

Noted American Woman at the Home of Her Mother.

Rouen, France, July 22.—Mrs. Florence Maybrick arrived from London Thursday. The greatest precautions had been taken to keep her movements secret. She did not travel by way of New Haven, as do most passengers, but crossed from Southampton, arriving at Havre, where she took an express train for Rouen. Mrs. Maybrick was awaited at the station by her mother, the Baroness de Roques, with whom she drove in a closed carriage to the home of the baroness. Visitors to the house were refused admittance.

Will Represent the Butchers.

Kansas City, Mo., July 22.—George Byers, the first president of the Meat Cutters' union, has been offered the place on the strike arbitration committee to represent the butcher strikers. Mr. Byers will accept.

RATE IS SIGNIFICANT

LLOYD'S INSURANCE PRESAGES WAR BETWEEN RUSSIA AND GREAT BRITAIN.

London, July 22.—Twenty guineas per cent was voted at Lloyd's Thursday for insurance against the outbreak of an Anglo-Russian war within three weeks. This is the rate which prevailed at Lloyd's on the Russo-Japanese war three weeks prior to the outbreak of hostilities.

STATEMENT BY BALFOUR.

Premier Knows Nothing of Reported Release of the Malacca.

London, July 22.—After midnight, just before the adjournment of the house of commons, Premier Balfour said that the government had received no confirmation of the reported release of the Malacca.

INCIDENT STILL UNSETTLED

Inspired British Paper Speaks Out in Favor of War.

London, July 22.—Assurances that the Malacca will be released, cabled by the Associated Press from St. Petersburg to the United States, do not appear in the British morning papers. Special dispatches to a somewhat similar effect from St. Petersburg do not allay the alarmist views of the leading organs, which construe Premier Balfour's post midnight announcement, that the government had received no confirmation of the reported release of the Malacca, to mean that the incident remains unsettled.

Another cause for great apprehension is the broader question of Russia's right to send vessels of her volunteer fleet through the Dardanelles. A striking evidence that the danger of the situation has not been mitigated in the least so far as British official and public opinion is concerned is afforded by the Daily Telegraph, which under a large type caption, "An Acute Crisis," declares that "the relations between Great Britain and Russia have reached the stage of an acute crisis, but behind the incident of the Malacca is the far larger question of the status of the volunteer fleet."

"It has, we believe, been made clear to the czar's government that the transformation of merchant vessels, passing the Dardanelles as such, into armed cruisers, cannot be recognized under any pretext whatever as justifying Russia's interference with British shipping. It is not impossible that as a concession to Russian dignity the government may offer to permit the Malacca to put into some neutral port, where her cargo may be examined and the statement verified that whatever munitions she carried were intended for the use of the British China squadron."

Inspired Paper Outspoken.

In its editorial article this morning the Daily Telegraph becomes even more alarmist, declaring that on Russia's response to Lord Lansdowne's demands "the issues of peace or war are staked." Continuing, the Daily Telegraph says that only in the event that Russia is prepared to accept the British conditions on the larger issue would the government as a "sop to Russian dignity" permit the Malacca to be taken to a neutral port.

"The main question to be settled between the British and Russian governments if we are to maintain even technical relations of friendship," says the Daily Telegraph's editorial, "is the status of the Russian so-called volunteer fleet. The point which has been made clear to the czar's government by Lord Lansdowne is that Great Britain will not permit a lightning change from a merchant vessel to an armed cruiser. In other words, if these unchartered libertines of the Russian navy attempt to stop or search a British vessel they will be called upon to desist and if they refuse to obey the demand they will be fired upon and sunk."

"We further understand that the Ottoman government will take steps to prevent the passage of these Janissary vessels through the Dardanelles and, in the event of their evasion, will notify our government of their departure. These problems are altogether independent of the war in the far East. We are acting and shall continue to act not as the allies of Japan, but as the greatest naval power, protecting the highway against the illicit inroads of pirates."

Language Is Significant.

The significance of such language by a paper so much in the confidence of the government and which has been strongly in favor of an Anglo-Russian entente can scarcely be overestimated. The Standard also sees little abatement in the gravity of the crisis as a result of the statements from St. Petersburg that the Malacca will be released.

"Our dignity and self-respect," says the paper editorially, "demand that she be released before she reaches the Baltic. The admiral in command of the Mediterranean squadron has received his instructions. His cruisers are being rapidly directed to the proper points and we presume that if the Malacca is not voluntarily surrendered she will be intercepted before she can pass the Straits of Gibraltar."

The Daily Mail says there is reason to believe that the British garrisons in the Mediterranean will be strengthened by drafts from the United Kingdom, while several vessels will be sent to the vicinity of the Dardanelles and others to Port Said.

Admiral Edward Field, retired, speaking at a public banquet last evening, said he believed that the Russian government was trying to drag in both France and Great Britain. "Do not let Russia play her game," said the admiral, "but leave the matter to the diplomatists. The Malacca incident is safer in the hands of Mr. Balfour and Lord Lansdowne than in those of the naval men."

THE POSITION OF RUSSIA.

May Order Release of Malacca But Maintains Right of Search.

St. Petersburg, July 22.—The scare

over the Malacca incident has given way to a calmer and more rational view. The feeling in high official circles, where an exact knowledge of the attitude of the government exists, is that the case will be speedily and satisfactorily adjusted. The main difficulty is the excited state of public feeling in the two countries, but the Russian government, under the direct inspiration of the czar, who is personally anxious to avoid grounds for a quarrel, is apparently ready to meet Great Britain in the most friendly spirit.

To the czar primarily, but also in large degree to foreign Minister Lamsdorff, is due the credit for retaining the Chauvenistic spirit of a certain element which talks lightly of the possibility of war with Great Britain.

The Russian position can be given in a few words. While not admitting that the Russian captain seized the Malacca without some warrant, Russia will accept without question Great Britain's assurance that the war munitions on board the vessel were government stores bound for the naval station at Hongkong, and order the immediate release of the ship. At the same time she will maintain her right to stop vessels believed to have contraband of war on board and detain them if the manifests are not plain as required by international law.

Whether Russia will agree to discuss the war status of the Red sea cruisers is not plain, but if Great Britain insists seriously she may offer to refer to this and other collateral questions to The Hague tribunal.

The czar's brother-in-law, Grand Duke Alexander Mikhailovitch, who is a strong reactionary and who is said to have planned the cruise of the volunteer fleet, seems to be chiefly responsible for the present entanglement.

The Prinz Heinrich incident seems certain of satisfactory adjustment. There appears to be no desire on the part of Germany to crowd Russia.

FOLK FOR GOVERNOR.

Democrats of Missouri Nominate a State Ticket.

Jefferson City, Mo., July 22.—The Democratic state convention nominated the following state ticket:

Governor, Joseph W. Folk, St. Louis; Lieutenant governor, Thomas L. Rubey, La Platte; secretary of state, Samuel B. Cook, Mexico; auditor, Albert O. Allen; treasurer, Judge James Cowgill, Kansas City; attorney general, Elliott A. Major; railroad and warehouse commissioner, H. Rubey, Oglesby.

The convention convened last Tuesday and adjourned sine die late Thursday, after long harmonious sessions. While there was little uncertainty as to the probable nominee for governor, there was much talk about an attempt that would likely be made to defeat Samuel B. Cook for the nomination of secretary of state on the ground that he could not be upheld by the platform that was to be adopted. Plans were laid to accomplish his defeat, but when the test of strength came, Cook was nominated on the first ballot.

The Missouri idea of fighting against bribery and the corruption of officers throughout the state was the slogan of the convention and the platform adopted stands for the stamping out of boodling and the prosecution of corruptionists and boodlers to the bitter end.

TAGGART IN NEW YORK.

Indiana Man Would Like to Be Democratic Chairman.

New York, July 22.—Thomas Taggart, Democratic national committee man from Indiana, Thursday had a consultation with John W. Kern. He still refuses to discuss the subject of national chairman, but nothing has yet occurred to alter his determination to stand for the place if the committee is of the same mind next Tuesday that it was when it assembled in St. Louis the day after the convention adjourned. Mr. Kern is just as determined as ever to assist upon Taggart's being selected.

August Belmont says he would not accept the chairmanship, and he is thought to favor Taggart. Gorman and Sheehan are the other possibilities.

Three Youths Killed.

Kansas City, Mo., July 22.—Three youths were killed Thursday night by a Chicago and Alton passenger train which crashed into a wagon in which they were riding.
